

JPN225 August 2022 Promotion Terms and Conditions

TERMS AND CONDITIONS:

This promotion is provided by Titan FX Limited and Titan Markets, trading under Titan FX, to its clients. By participating in this promotion, the clients hereby acknowledge, confirm and accept to be bound by the following terms and by Titan FX's Terms and Conditions.

Promotion overview

This promotion is open to all eligible traders to receive a fixed per lot bonus amount for eligible JPN225 trades during the promotion window August 1st 00:00 GMT+3 to August 31st 23:59 GMT+3.

Trading bonus calculation

- The trading bonus is applicable for all JPN225 trades that were opened and closed during the promotion window by eligible traders.
- The bonus amount is calculated weekly for trades closed in that week.
- The bonus amount is detailed in the table below. For traders with weekly volume of JPN225 below 25 lots, Tier 1 rewards apply. For traders with weekly volume of JPN225 equal to or above 25 lots, Tier 2 rewards apply.

	Account currency	USD	EUR	SGD	AUD	JPY
Tier 1 (< 25 lots)		1	1	1.5	1.5	100
Tier 2 (>= 25 lots)		1.5	1.5	2	2.25	225

- Volume is not cumulative between weeks for the Tier calculation – Tier is calculated each week using only the trades closed during that week.
- Trading volume from all accounts of the same trader is summed up to determine the Tier.
- The bonus will be deposited into traders' accounts weekly, on Wednesday of the following week for the previous week.
- The bonus is deposited to each account separately.

Trader and account eligibility

- This offer is only eligible on valid Titan FX trading accounts.
- Both Standard and Blade accounts are eligible.

Trade eligibility

- Only trades for JPN225 are eligible for the promotion.
- Only trades that have been both opened and closed in the promotion window are eligible (e.g., a trade opened in the second week of August but closed in September is not eligible).
- Trades are considered eligible in the week that the trade was closed (e.g. a trade opened during the first week and closed during the second week is added to the second week volume)

- There is no trading bonus limit or minimum trading volume restrictions.
- No restrictions are applied for withdrawal of the deposited bonus amount.
